

Gordie Howe International Bridge

Construction Activities: United States

Dates and times provided below may change due to weather conditions and other factors affecting construction activities. Although this list is intended to be comprehensive, unavoidable emergency road detours and road closures may occur. Please watch for workers along this corridor. We apologize for any inconvenience and thank you for your patience.

Week of March 5, 2018

Demolition Activity

Building demolition work is currently planned to occur along Beard Street (between W. Lafayette and S. Fisher Freeway Service Drive), along S. Rademacher (between South Street and W. Jefferson Avenue), along Waterman Street (between W. Jefferson Avenue and South Street,) along S. Crawford Street (between W. Jefferson Avenue and Holly Street), along Schroeder Street (between W. Jefferson Ave. and South Street), along Lewerenz Street (between W. Fisher Fwy. and W. Fort Street) and along W. Fort Street (between Dragoon Street and Military Street). This work is not anticipated to impact traffic.

Preliminary Site Investigation (PSI)

PSI work is scheduled to occur along W. Fisher Fwy. (between Junction Street and Campbell Street), along W. Jefferson Avenue (between Green Street and Harrington Street), along W. Jefferson Avenue (between S. Post Street and Schroeder Street), along Schroeder Street (between W. Jefferson Avenue and South Street), along W. Jefferson Avenue (between S. Livernois Avenue and S. Crawford Street), along W. Jefferson Avenue (between S. Livernois Avenue and Dragoon Street), along Rademacher Street (between South Street and W. Jefferson Avenue), along S. Post Street (between South Street and W. Jefferson Avenue), along Schroeder Street (between South Street and W. Jefferson Avenue), along Casgrain Street (between W. Fisher Fwy. and W. Fort Street), along W. Fort Street (between Crawford Street and Livernois Avenue) and along Rademacher Street (between South Street and Norfolk Southern RR). This work is not anticipated to impact traffic.

Survey Activity Work

There is no specific survey work scheduled at this time. However, contingency survey work may occur throughout the footprint. No lane closures are expected.

Utility Work

Mobile lane closures are expected on Fort Street (between Clark Street and Springwells Street) for utility facilities inspection.
