

Gordie Howe International Bridge

Construction Activities: United States

Dates and times provided below may change due to weather conditions and other factors affecting construction activities. Although this list is intended to be comprehensive, unavoidable emergency road detours and road closures may occur. Please watch for workers along this corridor. We apologize for any inconvenience and thank you for your patience.

Week of May 28, 2018

Demolition Activity

Building demolition work is currently planned to occur along Springwells Ct (between W. Jefferson Ave. and the Detroit River), along W. Fort St. (between Military St. and Cavalry St.), along Campbell St. (between W. Fisher Fwy. and Amherst St.), along Campbell St. (between Amherst St. and W. Jefferson Ave.), along S. Crawford St. (between W. Jefferson Ave. and the railroad tracks), along W. Jefferson Ave. (between Post St. and Cavalry St.), along S. Post St. (between South St. and Jefferson Ave.) and along W. Fort St. (between Dragoon St. and Livernois Ave.). Intermittent lane closures are expected along SB 75 Service Drive.

Tree cutting and clearing will continue throughout the footprint.

Preliminary Site Investigation (PSI)

PSI work is scheduled to occur along W. Jefferson Ave. (between Schroeder St. and S. Post St.) and along Crawford St. (between W. Jefferson Ave. and the railroad tracks). Seeding and mulching may also be ongoing at various parcels throughout the footprint. This work is not anticipated to impact traffic.

Survey Activity Work

No specific survey field work is planned at this time. However, contingent intermittent survey work may be required for various parcels throughout the entire Project area. No lane closures are anticipated.

Utility Work

Intermittent lane closures possible within the footprint for manhole work and cable removals. Miscellaneous debris will also be picked up throughout the footprint. Junction Street (between Fort Street and the I-75 Service Drive) closed May 16, 2018 for approximately three weeks for utility work. A detour will be posted.

Fort Street will have a rolling lane closure (between Springwells St. and Clark St.)
