

Gordie Howe International Bridge

Construction Activities: United States

Dates and times provided below may change due to weather conditions and other factors affecting construction activities. Although this list is intended to be comprehensive, unavoidable emergency road detours and road closures may occur. Please watch for workers along this corridor. We apologize for any inconvenience and thank you for your patience. Questions? Call 1-844-322-1773 or email info@wdbbridge.com.

Week of August 13, 2018

Demolition Activity

Building demolition work is currently planned to occur along W. Jefferson Ave. (between Military St. and Dragoon St.), along S. Harrington St. (between Gould St. and W. Jefferson Ave.), along W. Fort St. (between Post St. and Waterman St.), along Livernois St. (between South St. and the railroad tracks), along W. Fort St. (between Glinnan St. and Springwells St.), along W. Fort St. (between Post St. and Campbell St.), along W. Fort St. (near Waterman St.), along Morrell St. (between SB I-75 Service Drive and Porter St.), and along W. Fort St. (between Dragoon St. and Livernois Ave). Intermittent lane closures are expected along various streets throughout the footprint. Turf restoration is also occurring on several parcels throughout the footprint.

Preliminary Site Investigation (PSI)

PSI work is scheduled to occur along S. Livernois Ave. (between South St. and the railroad tracks). GPR work will also be occurring along the following streets: Campbell St., Reeder St., Driggs St., Harvey St., and Military St. Seeding and mulching may also be ongoing at various parcels throughout the footprint. This work is not anticipated to impact traffic.

Survey Activity Work

Crews will be conducting site survey work and collecting geotechnical soil samples in the Lafarge area. Contingent intermittent survey work may be required for various parcels throughout the entire project area.

Utility Work

DTE conduit repairs will be occurring along W. Fort St. (between Cavalry St. and Morrell St.). Expect closure of WB Fort St. parking lane along with intermittent right lane closures. Intermittent lane closures are expected throughout the week. DTE conduit installation will require the closure of Rademacher St. (between W. Fort St. and the NB I-75 Service Dr.). Tree cutting and miscellaneous debris removal will also be occurring throughout the footprint.
