

Gordie Howe International Bridge

Construction Activities: United States

Dates and times provided below may change due to weather conditions and other factors affecting construction activities. Although this list is intended to be comprehensive, unavoidable emergency road detours and road closures may occur. Please watch for workers along this corridor. We apologize for any inconvenience and thank you for your patience.

Week of February 5, 2018

Demolition Activity

Building demolition work is currently planned to occur along W. Fort Street (between Cavalry Street and Campbell Street), along South Street (between S. Green Street and S. Post Street), along S. Harrington Street (between Gould Street and W. Jefferson Avenue), along South Street (between Rademacher Street and Crawford Street), along W. Fort Street (between Livernois Avenue and Dragoon Street), along Jefferson Avenue (between Post Street and Harrington Street), along Beard St. (between W. Lafayette and S. Fisher Freeway Service Drive), along S. Rademacher Street (between South Street and W. Jefferson Avenue), along W. Fisher Service Drive (between Junction Street and Campbell Street), along Casgrain Street (between W. Lafayette Blvd. and W. Fisher Freeway), along Waterman Street (between W. Jefferson Avenue and South Street) and along W. Fort Street (between Dragoon Street and Military Street). This work is not anticipated to impact traffic.

Preliminary Site Investigation (PSI)

No PSI work is planned.

Survey Activity Work

Survey work is anticipated to occur on Springwells Court (between Springwells Court and the river) and along Olivet Street (at Springwells Street north of I-75). Contingency survey work may also occur throughout the footprint. No lane closures are expected.

Temporary Road Closures

There are no road closures related to the Gordie Howe International Bridge project.
