

Gordie Howe International Bridge

Construction Activities: United States

Dates and times provided below may change due to weather conditions and other factors affecting construction activities. Although this list is intended to be comprehensive, unavoidable emergency road detours and road closures may occur. Please watch for workers along this corridor. We apologize for any inconvenience and thank you for your patience.

Week of February 19, 2018

Demolition Activity

Building demolition work is currently planned to occur along W. Fort Street (between Cavalry Street and Campbell Street), along S. Harrington Street (between Gould Street and W. Jefferson Avenue), along South Street (between Rademacher Street and Crawford Street), along W. Fort Street (between Livernois Avenue and Dragoon Street), along W. Jefferson Avenue (between Post Street and Harrington Street), along Beard Street (between W. Lafayette and S. Fisher Freeway Service Drive), along S. Rademacher (between South Street and W. Jefferson Avenue), along Casgrain Street (between W. Lafayette Blvd. and W. Fisher Fwy.), along Waterman Street (between W. Jefferson Avenue and South Street), along S. Crawford Street (between W. Jefferson Avenue and Holly Street), along Ferdinand Street (between W. Fisher Fwy. and Howard Street), and along W. Fort Street (between Dragoon Street and Military Street). This work is not anticipated to impact traffic.

Preliminary Site Investigation (PSI)

PSI work is scheduled to occur along W. Fisher Fwy. (between Morrell Street and Junction Street), along W. Fisher Fwy. (between Junction Street and Campbell Street) and along S. Clark Street (between W. Jefferson Ave. and NS Railroad). This work is not anticipated to impact traffic.

Survey Activity Work

Survey work is anticipated to occur along Lewerenz Street (between W. Fort Street and Fisher Fwy.), along Military Street (between Fisher Fwy. and W. Fort Street) and along the I-75 corridor (between Springwells Ct. and Clark Street and between Springwells Ct. and the river). Contingency survey work may also occur throughout the footprint.

Temporary Road Closures

There are no road closures related to the Gordie Howe International Bridge project.
