

# Gordie Howe International Bridge

## Construction Activities - Canada

**Week of September 27, 2021**

### Road Closures

#### **Sandwich Street - NEW**

- To prepare for future construction activities, underground survey work will be conducted for at least five days starting on October 4, 2021.
- Work will occur between 7 a.m. to 7 p.m. daily on Sandwich Street between John B Avenue westward to the intersection of Sandwich and Broadway. Travelers should be aware of traffic signage, cones, and obey the directions of traffic flaggers.
- Traffic could be reduced to one lane at times.
- Access to businesses will be maintained at all times.

### Canadian Port of Entry

- Underground servicing work continues for maintenance building
- Excavation, layout, subgrade inspections, building formwork, reinforcing steel and concrete placements continue for main building
- Mechanical underground work begins as formwork, reinforcing steel and concrete placement for the foundation walls continue for secondary inspection building.
- Permanent grade raise and surcharge ongoing in return to USA bridge area and east gateway
- Installation of the BNA site offices continue

### Canadian Bridge site

- Concrete and rebar work continue for north and south towers
- Rebar and formwork continue on the back span piers
- Tower crane jumped to 410 feet
